### MORE RAILROAD TALK

This Time It Is the Wheeling and Lake Erie.

#### A BRIDGE AT STEUBENVILLE

Then the Construction of the Line to Pittsburgh—A Pretty Little Scheme Which Has Been Discussed For a Long Time—An Old Survey Brought to Light.

There is a stir in river towns these days, and a general belief that a new railroad will ere long be carrying freight and passengers through the Ohio valley.

The whole stir is caused by the belief that a powerful corporation has determined to make a hole in the business of the Pennsylvania and Baltimore & Ohio companies, and is using the Wheeling & Lake Erie as a cat's paw to pull the rich, brown chestnuts from the fire. The idea is to construct a trunk line from New York to Chicago via of Pittsburgh, and the Valley road is desired because of its valuable terminals at Cleveland.

The railroad men at the head of the scheme are said to be a lot of crafty old capitalists who have been fighting the Baltimore and Ohio for years, and who now see success in the near future. A New York dispatch in dealing with the plan says that "the fact that a survey has already been made from Wellsville to Pittsburgh indicates that the parties who are interested in this move, the one for terminal facilities at Pittsburgh, and the other for a line from Wellsville to Pittsburgh, are the same; and that back of both will be found the Wheeling and Lake Erie railroad. The Pennsylvania company are trying to break up the scheme, which means powerful competition to it in the way of a through line. The fact that Cal Brice, who, it is said, is interested in the new line, has purchased the Cincinnati, Lebanon and Northern railroad, gives credence to the news, as this road it is said was secured to gain an entrance to Cincinnati. The Wheeling & Lake Erie with its 400 (?) miles of track, and ports at Toledo and Huron, and being the second bituminous coal carrier in Ohio, is a very valuable piece of property. The Baltimore & Ohio people, suspecting some powerful company are back of the Wheeling & Lake Erie, are moving everything to outwit them and the outcome is awaited with interest. It is now said that the Big Four railroad is back of the scheme, and as this is a Vanderbilt road, it is possible that that the surmise is correct."

In connection with this comes the declaration in the Steubenville Gazette that a bridge will be built at that point, and there are people who have decided that it is to be the crossing of the Wheeling & Lake Erie in connection with the big railroad scheme. They are not sure whether the bridge will be built at that place or in this city, as it is said to be under contract with the company who will put up the Liverpool bridge. The News Review inclines to the belief, from information gathered within the past few years, that the people who intended to build that trunk line have taken a new tack, and now propose to push along the extension of the Wheeling & Lake Erie to Pittsburgh, coming up the valley if the route is feasible. If the road crosses the river at Steubenville it will doubtless follow the valley to Pittsburgh, the great objective point. It has been known for months that the extension was only delayed by the hard times, and the company were more than anxious to tap the upper Ohio valley.

#### What to Expect.

In speaking of the manufacturers and the tariff a trade paper says: "They are as determined as ever to keep up the struggle, and are encouraged by the radical change in the political complexion of congress and in the sentiment of the people, which they take to mean a return to a fairly protective policy in the near future. With the improvements constantly being introduced in methods and machinery, the potters are gaining material advantages over their foreign competitors, and before the industry is many years older they will be able to meet and defeat them on even terms, in spite of the advantage the foreigners possess in cheaper labor. Meantime the Americans propose to buckle up and do the best they can till the better days come."

#### These Horses Ran.

A team belonging to the ice company was standing in the Midway this morning when they became frightened and ran away. Huntsman's wagon was in the alley, and the maddened team passed it safely, but the wheels were locked for an instant, and the smaller vehicle was turned

half around. The next wagon struck was Cooper's, and a few bales of hay were scattered in all directions. The frightened team was captured at Washington street.

#### Lady Decorators.

The lady decorators of Knowles, Taylor & Knowles pottery spent an exceedingly enjoyable time at the home residence of one of their number on Thompson's hill last night. Choice refreshments were served and vocal and instrumental music added much to the pleasure of the occasion. Of course a number of the lords of creation were in attendance, and one of the lads will not soon forget his experience, as he was so unfortunate as to fall into an ash pit on his way to the scene of the festivities, necessitating a return to his home and a change of garments. He desired that the reporter should not mention this feature.

#### A Pair of Rochester Drunks.

John Miller, who said his home was in Rochester, was gathered in by Officer Badgely in the Diamond last night because he was very drunk, and wanted the world to know it. He was fined \$5.75 by Mayor Gilbert. As he only had \$1.65 and a knife he was sent back to jail.

Another Rochester man, who gave his name as William Smith, was arrested by Officer Supplee on Second street last night. William was drunk, and wanted the world to know it. He was assessed \$5.75, but being unable to liquidate was sent across the hall.

#### False Report.

The report that Mr. J. Nice had the muscles and tendons of his arm torn and crushed badly is pronounced incorrect by Mr. J. R. Warner, son-in-law of the injured gentleman. Messrs. Nice and Warner were engaged in lowering a pump at a point on Mr. Warner's farm, when the grip of the latter gentleman on the pump loosened, and the entire weight was thrown on the arm of Mr. Nice, hurting the member severely but inflicting no serious or lasting injury.

#### Making Some Money.

A prominent society lady who is deeply interested in the Young Men's Christian association was calling on business men this morning armed with a lot of cheap pencils. These she sold at five cents, and as they did not cost a great deal she realized a handsome profit. The proceeds of the sale will be devoted to furthering the work of the association, the plan of the auxiliary being for every lady to earn a dollar.

#### Country Telephones.

The East Rochester people, who have organized a company for the purpose of constructing a telephone line to be patronized by farmers, propose to connect a number of small towns in Columbiana, Stark and Carroll counties. It is the intention of the company to cover the whole of this section, and the success with which they are meeting would prompt the belief that it will soon be accomplished.

#### Condemned the Scotia.

The Scotia, one of the best known packets on the river, was condemned by the local inspectors in Pittsburgh yesterday, and will go to the bone yard. The hull of the old boat seems to be irreparable, but it is likely that another will be built, and the boat again put into active service. The Scotia has been in the Pittsburgh and Cincinnati trade for years, and was a popular boat with Liverpool people.

#### A New Obstruction.

The river channel above Phillisee Island is blocked again, and when the water recedes it is feared that boats will be unable to pass. Two barges are known to have been sunk there within the past two weeks, and it is feared that the coffer dam from the mouth of the Beaver has also lodged there. The matter has been reported to Colonel Stickney, and will likely be attended to without any trouble.

#### Wants to Be Sheriff.

Considerable surprise was expressed in the city last evening when it became rumored that Constable Dick Albright would be a candidate for sheriff at the Republican primaries, and was even now working among his friends. This adds another name to the list, and will further divide the vote of the county, giving someone an opportunity to slip quietly into the place.

#### More Candidates.

Another batch of candidates for county offices were in town last night and today, among them being Messrs. Bowman and Reeder, each of whom hopes to be the next commissioner elected. All the candidates are working hard, and experienced politicians say that the battle will be among the fiercest on record in the county.

### MINISTERS ARE HERE

The Presbyterian Jubilee Has Commenced.

#### THE SERVICES THIS AFTERNOON

Many Members of Presbytery Are in Town—A Successful Luncheon—Scenes of Activity About the Church—Installation of Doctor Lee Tonight.

Services in commemoration of the fiftieth anniversary of the First Presbyterian church were commenced this afternoon, and will be continued until Sunday evening has come and gone.

Visitors began to arrive on the morning trains, but the burden of them came at noon. Among the latter was Rev. A. B. Marshall, D. D., of Des Moines, Iowa, who came in answer to the unanimous request of the many people whom he served so faithfully during his pastorate in East Liverpool, and who owe him so much for the never-failing energy and conscientious labor which marked his residence here. A great crowd of people were at the train to greet him, and the joyful expression of his countenance showed plainly that one lot of that hearty greeting was not lost upon the visitor. Other arriving ministers were taken care of, and the party walked to the church, where an appetizing lunch had been set. At that time the visitors were:

Rev. T. B. Anderson, Rochester; Rev. W. E. Hill, Waynesburg; Doctor A. M. Reed, Steubenville; Robert White, Steubenville; Dr. J. A. Cook, Steubenville; Dr. J. C. Kreusch, New Philadelphia; Rev. H. A. L. King, Steubenville; Rev. Homer Scheele, Irondale; Rev. J. K. Andrews, Beaver; Dr. William Gaston, Cleveland; Rev. Levenberger, Toronto; Rev. S. F. Marks, Tidouette; D. W. Roberts, Irondale; Rev. Frank Dewitt Talmage, Pittsburgh; Dr. T. V. Milligan, Freeport; Rev. W. F. Weir, Toronto; Rev. T. J. Gray, Inverness; O. C. Crawford, Waynesburg college; Rev. J. N. Swan, Toronto; Rev. H. W. Lowry, Wellsville; Gilbert Gaston and wife, Steubenville; Miss Whitney, Mineral Ridge; Mr. and Mrs. Thomas Maple, Pittsburgh; Dr. A. B. Marshall. Many more are expected this afternoon and tonight when the installation services which are to make Doctor Lee pastor of the church will be passed through. They will come from all over eastern Ohio and western Pennsylvania.

At 2:30 o'clock this afternoon the church was well filled, and the services were opened by a beautiful organ solo by E. K. Macrum. The invocation, Scripture reading and hymn were followed by the eloquent words of welcome from Doctor Lee. Reverent Wier responded in a touching vein, and a quartet, Mr. and Mrs. C. E. Macrum, Mrs. J. C. Thompson and Chal Peterson, sang the beautiful "Come Holy Spirit," by Prof. W. L. Thompson. "Our Church, its Membership," "The Congregation," "In the Presbytery," "Its Mission Work," and "At Large" were touched upon by several members of the presbytery and visitors in a most entertaining and earnest manner, the topics being covered with eloquence. The quartet sang very well "Savior, Source of Every Blessing," and the congregation joined in a hymn, which, with the benediction by Rev. Swan, closed the meeting. Immediately afterward the members of the session were scheduled for a business meeting to last an hour, and when that is over they will be entertained by the various members, whose guests they are, until 7:30 this evening when the installation services will begin. The program for tonight will be presided over by Rev. J. C. Kreusch, the moderator, and will include some special music. Doctor Marshall will deliver the charge to the pastor, and Reverend Lowry will speak the charge to the people. Rev. Frank De Witt Talmage will preach the sermon, and several other ministers will take an active part.

#### TWO SAD DEATHS.

Consumption Claims Two Wives Scarcely Out of Girlhood.

Edith R., wife of Charles Esley, died at her home in California Hollow at 5 o'clock this morning with consumption. Deceased was aged 21 years, and leaves besides a husband three children, a daughter aged six years and two sons aged four and two years respectively. The funeral will take place from the family residence at 1 o'clock Sunday afternoon, Reverend Huffer officiating. Burial in River-view cemetery.

Jennie, wife of George Gearen, died at her home, back of Sixth street, at 5 o'clock last night after an illness with consumption. Her death, like that of Mrs. Esley, is a particularly

sad one, as Mrs. Gearen was aged but 17 years and leaves a child 18 months old. Her husband, it will be remembered, was arrested and charged in Squire Rose's court some time ago with failure to provide for the child, but by promises to do better the charge was withdrawn. He is a potter and when working makes good wages. From the charge entered it was found that he had practically abandoned his girl wife in her hour of need and from what can be learned has not been living with her lately. Deceased was a member of the Salvation army and services over the remains will be held at the barracks at 2 o'clock tomorrow afternoon, Captain Stafford officiating. Interment in Spring Grove cemetery.

#### A FATAL FALL.

A Little Child Meets With an Accident Which Causes His Death.

Edward, the 15-months-old son of President Edward Smith, of the Standard pottery, died this morning at 2:30 o'clock from injuries received by a fall from a chair. The little one, an unusually bright child, had crawled upon a chair in the family residence, Third street, yesterday morning about 10 o'clock when he became overbalanced and fell headlong to the floor. Mrs. Smith was close by and made a frantic effort to catch the child. As the child simply cried at the time and became quiet after being fed it was not thought he had been much hurt, but five minutes afterward he awoke in convulsions which continued until death came. A bruise on the front and side of the head produced concussion and caused death. Drs. Williams and Andrews were in attendance but nothing could be done for the unfortunate child.

Mr. and Mrs. Smith are heartbroken over the sad affair and have the sympathy of the community. The funeral will take place at 2:30 o'clock Sunday from the residence, Reverend Taggart officiating.

#### DAMAGES DEMANDED.

Hannah Hannagahan Asks \$10,000 From the Street Railway.

#### Special to the News Review.

LIVISON, Jan. 25.—Hannah Hannagahan asked the court today to give her judgment against the street railway company for \$10,000. The petition says that about two weeks ago she boarded a car at East Liverpool, and signalled to it to stop when she reached her destination. When alighting a car which was following, ran in to the one she was leaving, and she was thrown to the ground. Her arm was injured, she says, permanently so that she can never again be able to work. In consideration of this, the pain she has endured, and the expense incurred for medical attendance she believes the company owes her \$10,000. P. M. Smith is the attorney.

#### SALINEVILLE.

Reverend Barrackman, who has been seriously ill, is convalescing.

John Nixon Esq., of Allegheny, spent Sunday with Salineville relatives.

James Huddleson, student of Mt. Union college, was at home on the sick list last week.

Mr. and Mrs. J. B. Couture, of Bridgeport, attended the Kinsey Cording nuptials on Wednesday.

Candidates for county office are beginning to ply their trade. Salineville wants one—P. M. Ashford for representative.

Salineville is afflicted with a youthful "peeping Tom." He is well known and will receive well merited punishment some of these nights.

A new banking house, organized under the corporation laws of the state, it is said, will be organized by H. A. Thompson & Co., the present reliable banking firm of the town.

The third lecture of the high school course will be given in the United Presbyterian church on Friday evening by Wilbur L. Davidson on "Down South in Dixie" with illustrations.

The school board have not fully decided whether the new school house shall be a three or only two story structure. The additional story, it is said, will only cost about \$2000. If that be true, then by all means build the additional story, gentlemen. It may not be needed now but the time will not be long until all the building would be used for school purposes. A \$2,000 story now will save an expensive addition or a new school house in the future. The total estimated cost for a three story structure is \$17,000.

### BURFORD'S BIG BASKET

Caused the Arrest of Bud Brookes Yesterday.

#### IT WAS FILLED WITH WARE

And the Colored Boy Decided to Help Himself—He Does Not Deny the Theft, and Will Likely Spend a Few Days in the County Jail.

Bud Brookes, the colored boy who was in the Lisbon jail not long ago, stands an excellent chance of being returned to that institution.

Brookes, who has a faculty for acknowledging his shortcomings in a frank, open manner, slept in the packing shed at Burford's pottery all of Wednesday night, and when he departed the next morning he carried with him a basket of ware. Seeking some place where the crockery could be sold he disposed of it, and lounged around town as though nothing had happened. Brookes was suspected at the pottery, and a warrant was placed in the hands of Officer Supplee, who found the offender wandering along Franklin avenue as though there was no such institutions as police officers and warrants. He was locked up, and made no attempt to conceal his guilt. He was bound over to probate court and returned to jail. Later he was informed that Sidney Burroughs was responsible for his arrest, when he promptly implicated that youth in the crime. As Sidney chanced to drop into city hall at that time, he, too, was locked up to await a hearing. It developed that the boys had sold the ware to some people in the West End, and Burroughs was held on the charge of larceny.

#### LIVERPOOL LEADS.

Two Captured Criminals Belong to This Place.

Charles Russell and Dallas Smith, of this place, were captured at Empire Wednesday night, and bound over to the grand jury in Steubenville yesterday.

The men are charged with burglary at several points in the valley, and were neatly trapped after riding the station at Empire. They are well known here, Russell having been employed at the Specialty glass works, and Smith being the husband of the notorious Caroline. There was another in the gang and the police say they know his name, but refuse to give it out. The authorities believe that the gang is made up of men who have been operating in this vicinity, Smith having been suspected of several crimes, but was allowed to go free because no tangible evidence could be found against him. When arrested the men told several stories which caused the officers to believe that they have the right people.

#### Closing Up the Business.

Postmaster Simms is arranging his business affairs preparatory to vacating the office, and there is a stir about the place which speaks unusual activity. M. E. Miskall is arranging to step in as soon as possible, and is learning all that can be acquired in the short time allotted him. It is believed that the transfer will be made one week from today.

#### Something Practical.

Postmaster Simms received a telegram this afternoon from Observer Harrington at Cleveland warning him that there would be terrific storms in the northwestern part of Ohio and on the lakes, and warning people not to travel that way. That is the practical work of the weather department.

#### Fell in the River.

A boy whose name no one seems to know came near being drowned at the foot of Market street yesterday. He was running on the barges when he fell into the river, and was in great danger until rescued by the Pacific men, who were loading coal.

#### Big Buyers Here.

H. Westerman, who conducts a large crockery and glass jobbing house in St. Louis, is here buying goods.

Mr. Joseph, a crockery jobber of Connellsville, Ind., is in the city today making purchases.

#### Isaac Walters no Better.

Isaac Walters was worse this morning, and it was feared he could not live through the day. He began to sink toward noon, and the gravest fears were entertained. He is 82 years of age.

#### The River Is Falling.

The river is falling today, and the packets are on time. Some ware was taken on at the wharf, but the amount was not large. Ice continues to go out in large quantities.

EAST LIVERPOOL, O., FRIDAY, JAN. 25.

For President,  
WILLIAM MCKINLEY,  
OF Ohio.

THE next congress will win the last-  
ing gratitude of the Ohio valley if an  
appropriation for the improvement of  
the river is passed.

THE hospital project is a most com-  
mendable movement, and should be  
pushed by every public spirited man  
in town. Let the idea take tangible  
form at once.

If Mr. Smith, of New Jersey, is not  
more successful in his currency scheme  
than he was in carrying out his prom-  
ise to the potters, Mr. Smith's bill has  
little chance of passing the senate.

INDICATIONS show that Secretary  
Carlisle, he who pretends to know the  
country's financial needs, will soon be  
selling another batch of bonds  
amounting to \$50,000,000 or some such  
little matter.

GET ready to pay your part of the  
income tax, and while doing so re-  
member that it is a Populist prin-  
ciple planted in the harum-scarum plan  
of Democracy for the sole purpose of  
making votes.

THE penitentiary is costing the  
state money every day of the week,  
and some arrangement must be made  
to change the system under which it  
is operated, or the pen must be placed  
on the list of non productive state in-  
stitutions.

WHILE it can be seen that trade is  
recovering and the idle men are gradu-  
ally finding employment, the fact is  
no less plain that wages under this  
Democratic administration are not  
what they were when the hosts of pro-  
tection ruled the land.

### THE BEST EVIDENCE.

In striking contrast with the indus-  
trial census of 1890 does the record of  
1894 stand out, the best evidence that  
Democracy committed a great crime  
when it attempted to cut down the  
duty on imports and plunged the peo-  
ple into a panic from which they can  
only recover after years of weary toll.  
Note the comparison, the first being  
that of a year when a Republican  
president sat in the White House:

Hands employed 4,711,832  
Wages earned \$2,282,829,263  
Product value 9,350,107,424  
Cost of material 5,138,808,353

CENSUS OF 1894.

Hands idle 1,413,550  
Wages lost \$1,027,270,461  
Product not made 4,122,847,355  
Material not used 2,208,042,045

The comparison should be a lesson  
to every man who has a vote, should  
serve to show the great and awful  
damage done by a body of men ig-  
norant of the needs of the country and  
suffering with a burning desire to do  
something they knew not what. It  
shows, moreover, that while the great  
loss might not be thoroughly appre-  
ciated there can be no doubt that it  
is a reality, painful to the nation  
and disgraceful for Democracy's  
leaders.

and place for the national conventions  
each year. The general offices of the  
association were located in Cincinnati,  
and for this reason the secretary and  
treasurer were selected from this city.

Thomas Dolan, the first president of  
this national organization, employs over  
5,000 men in his woolen manufacturing  
is vice president of the Cramp Ship  
Building company and an officer of the  
director in many large concerns in New  
York and Philadelphia.

Resolutions were adopted in favor of  
manufacturers making exhibits at the  
coming expositions at Nashville and  
Atlanta, and at all the expositions of  
the South American republics. Over  
1,000 plates were turned at a very elab-  
orate banquet last night.

### Found Guilty and Suicided.

PORT CLINTON, O., Jan. 25.—The jury  
in the case of George St. John, a promi-  
nent real estate dealer, charged with  
frauds in dealing in canceled mort-  
gages, brought in a verdict of guilty  
and St. John was at once taken into  
custody and placed in jail. A half  
hour later he shot himself through the  
head, dying instantly. St. John suf-  
fered heavy financial losses through the  
recent failures of Post, Wickham &  
Howell, the big Lake Erie fish trium-  
virate.

### Decided Against Ritchie.

CLEVELAND, Jan. 25.—In the United  
States circuit court a decree has been  
filed in the case of Samuel J. Ritchie  
against James B. McMullen, ex-Senator  
Paine, Stevenson Burke and others.  
The stock held as security by the latter  
parties for loans made to Ritchie, con-  
sisting of Canada copper and Central  
Ontario Railway mining shares are all  
ordered sold to satisfy the claims against  
Ritchie. The decree is against Ritchie  
at every point.

### Determined to Get Ricks.

CLEVELAND, Jan. 25.—The Central  
Labor union, which organization brought  
the original charges against Judge  
Ricks, will not let the matter drop, not-  
withstanding the recent action of the  
judiciary committee. At a meeting of  
the union a motion which was unani-  
mously adopted, requests congress to  
investigate Judge Ricks' accounts from  
the time he became clerk until he was  
made judge.

### Lumberdealers Elect Officers.

CINCINNATI, Jan. 25.—The Lumber-

for St. Louis and the southwest to in-  
spect lumber interests.

### Independent Producers Meet.

BUTLER, Pa., Jan. 25.—The independ-  
ent oil producers held a meeting here  
in the Park theater. Producers from  
the oil regions of Pennsylvania, New  
York, Ohio and West Virginia were  
largely represented. The present out-  
look of oil production was thoroughly  
considered and discussed, and united  
measures were taken to adopt such  
plans as shall be wise and advisable for  
protecting and strengthening their in-  
terests, and for placing their industry on  
a solid and enduring basis. The Marshall  
pipe line bill introduced in the Penn-  
sylvania legislature and the pooling bill  
in congress were denounced.

### Determined to Arrest Lynchers.

MT. STERLING, Ky., Jan. 25.—There  
is no abatement in the excitement.  
Drake, the detective who was arrested  
and taken to Beattyville, has wired that  
he has given bond and will return here  
and will arrest every man who was con-  
nected with the lynching of Blair.  
Then trouble is expected. It is rumored  
that Drake will arrest Chief of Police  
Wilson on his return from Beattyville  
as the originator of the mob that hung  
Blair. Wilson swears that Drake shall  
not arrest him.

### Will Purify Philadelphia.

PHILADELPHIA, Jan. 25.—Rev. George  
D. Baker, pastor of the First Presby-  
terian church of this city, will shortly  
begin religious work tending to purify  
the moral and political atmosphere of  
the town. For some time past Dr. Baker  
has in several sermons hinted at the  
need of such a movement and has taken  
occasion to compliment Dr. Parkhurst for  
what he has accomplished in New York.  
The members of his church have en-  
dorsed his plan and have placed finan-  
cial aid at his disposal. The clergyman  
declines to speak of his plans.

robbery of the railway and express  
office here has roused the town. A  
band of masked men rode into the  
office and demanded of the agent the  
safe's contents. After a severe beating  
Agent Adams opened the safe and the

of citizens undertook to intercept the  
robbers. A sharp battle took place, but  
the highwaymen escaped. Four were  
afterward caught.

received here that friends of Congress-  
man Willis Sweet of Moscow, the home  
of Mr. Sweet, hung Daniel Gamble, Re-  
publican member of the legislature from  
that county, in effigy. Mr. Sweet gave  
it out some days ago that this was  
likely to be done because Gamble has  
refused to support Sweet for United  
States senator.

### California's Storm Subsiding.

SAN FRANCISCO, Jan. 25.—The storm  
has subsided in the mountains and the  
mail and express through trains are  
now running on all the roads except the  
Oregon division. The Central Pacific  
road to Ogden is open and all regular  
trains are running close to schedule  
time. The Oregon division, however,  
is in bad shape.

### Admitted He Was a Defaulter.

BINGHAMTON, N. Y., Jan. 25.—Bank  
Examiner Philo H. Backus, who is now  
in charge of the Chenango Valley Sav-

to the affairs of the bank, said that

### Republicans Carry Wheeling.

WHEELING, Jan. 25.—At the city elec-  
tion the Republicans made a clean  
sweep of the city for the first time in  
many years. Majorities for mayor,  
chief of police and city clerk rang  
from 400 to 1,000. The city council is  
almost solidly Republican.

### He Knows Where Taylor Is.

REDFIELD, S. D., Jan. 25.—A telegram  
has been received here from a resident  
of Crawfordville, Ind., saying that he  
knows the hiding place of Taylor, the  
defaulting South Dakota state treasurer,  
and asking what the reward for his ar-  
rest is.

## LOCAL BREVITIES.

Auditor George B. Harvey was in town yesterday looking after business matters.

There was an epidemic of frozen water pipes in the city this morning, and many a man turned ice into water before he got his breakfast.

An unfortunate individual who was very drunk and very dirty sustained a cut on his forehead last night by falling in front of the Potters' bank. He said he was going to leave town at once after he had been picked up.

Mr. and Mrs. Kinsey, who were married in Salineville this week, have gone on a tour of eastern cities, and will not be at home to their friends until Feb. 15, when they will take up their residence at 138 Monroe street.

The ball given by the Electric social in Bradshaw hall last night was one of the most pleasant affairs of the season. Some 200 invitations had been issued and the crowd in attendance was large. Dancing was enjoyed until an early hour this morning.

The present freezing weather has made plenty of ice for skaters and that they take advantage of it is shown by the crowds of young people going and coming from the ponds at all hours of the day. There is little or no good skating on the shore ice of the Ohio.

Doctors W. M. Calhoun and F. M. Laughlin held a consultation yesterday in the case of Mrs. John McGrew, of East End, who has been seriously ill with dropsy. Although the lady's condition is not favorably, the physicians decided that she had good chances for partial recovery.

The case of John Rinehart versus Haney and Miller Marsha for a funeral bill, which was to have been tried in Squire Manley's court yesterday, was continued until tomorrow. The McCormick-Cornell election case comes up for a hearing in Squire Rose's court tomorrow morning.

The case of Harrison Rinehart versus William Buchagen was called at city hall at 4 o'clock yesterday afternoon, but the scarcity of gas made council chamber appear like the frigid zone and Squire Travis did not feel like taking any chances on getting frozen. Consequently the case was continued indefinitely.

At the meeting of the state board of health yesterday the members signified their intention of joining with similar organizations in other states in having the federal government interfere with the pollution of rivers. If the move should ever amount to anything it will mean almost a revolution along the Ohio.

Engineer Murphy and another of the employes at the electric light plant had an exciting time the other night when a belt broke. Both ran toward the engine to shut it down, and the room being almost dark, Murphy stumbled against a steam shutoff and broke it squarely off. Both men were thoroughly "steamed," but neither was much hurt.

The New York man, who with a companion deckhand was so badly injured in the accident which resulted from the breaking away of the fleet of the Pacific No 2 Wednesday night, says he got used to such injuries long ago. His right leg has been broken three times, although this time the left leg was caught. Both men are resting easy. Another of the men is ill on the boat.

The people who have been growling about the cold weather, shortage of gas, and the thousand and one other inconveniences connected with the bracing winter weather of the past few days, can prepare themselves for a change. The weather prophets paid by the government have decided that a warm wave is coming from the Northwest, and may be here before tomorrow comes.

A movement is already on foot among some of the most progressive members of the American Mechanics to present a large flag for use on the new school building after it is dedicated. A prominent Mechanic said that he believed all the societies in town should be allowed to contribute to the fund, and the flag should be worthy of the building—one of the finest in the valley.

The throng of tramps passing through the city has been growing smaller for several days until yesterday revealed the presence of only a few. They have also deserted the kilns of the sewer pipe works along the river, and their number seem to be decreasing as the demand for labor increases. One impudent fellow entered a house in the West End this week, and asked to sit at the table with the family, but was promptly ejected.

A Junior Endeavor society has been formed of the smaller Sunday school scholars in the Second United Presbyterian church, and the little ones are already doing good missionary work. A dollar given by an East End lady has been invested in goods to make pottery aprons, and the society is doubling and trebling that dollar with amazing rapidity. The contest among the children is to see who will have made the most money during the year.

## D. M. McLANE.

Successor to A. C. Bradshaw

Having purchased the stock and good will of A. C. Bradshaw in the grocery business, we respectfully solicit the custom of his old patrons, and shall endeavor to treat the public in such a manner, with first class goods and reasonable prices, as to cause new patrons to deal with us. We will offer such inducements to regular patrons as cannot fail in winning their commendation and holding their trade, as the average man desires to purchase where he can get the best goods at the least possible expense. Broke His Leg.

Nathaniel Hayes, a West End man who is employed in the clay mine at Walker's, fell on the ice near McRane's butcher shop this morning and fractured his leg. He was picked up by some passersby, and taken to his home, where medical attendance was called, and the fracture reduced. The injury is not in any way dangerous, but the unfortunate man will be unable to work for weeks yet to come.

The Railroad Man,  
The Clergyman,  
The Business Man,

and all other men who have to look neat while at work, should know about "CELLULOID" Collars and Cuffs. They look exactly like linen, wear well and being waterproof do not wilt down with heat and moisture. They do not soil easily and can be cleaned in a moment by simply wiping off with a wet sponge or cloth. Do not confuse these in your mind with composition goods. Every piece of the genuine is stamped like this:

Ask for these and refuse anything else if you wish satisfaction. Remember that goods so marked are the only waterproof goods made by coating a linen collar with waterproof "Celluloid," thus giving strength and durability. If your dealer should not have the "Celluloid" send amount direct to us and we will mail you sample post-paid. Collars 25c. each. Cuffs, 50c. pair. State size and whether stand-up or turned-down collar is wanted.

WAR TO BE DECLARED.

Guatemala Refuses to Kneel Under to the Mexican Government.

CITY OF MEXICO, Jan. 25.—Guatemala's answer to Mexico's ultimatum has been received. It is stated that Guatemala's answer is to the effect that the territory disputed belongs to her and if any indemnity is to be paid, Mexico owes it to Guatemala. The prospects are that war will be declared today or tomorrow.

Colonel R. C. Pate, the American horseman, has tendered his services to the president and in case of war he will be appointed to a prominent command.

A San Francisco special says: Consul General Diaz Duran of Guatemala has been recalled by President Barrios to take command of a military force in the war which he believes to be impending with Mexico. He has received a dispatch from the Guatemalan war department confirming the war news and stating that every able-bodied Guatemalan is needed by his government. Duran says that an alliance has finally been formed by Guatemala, Nicaragua, Salvador and Honduras, with a joint force of 100,000 men to march against Mexico.

No Likelihood of a Sympathetic Strike.

PHILADELPHIA, Jan. 25.—It is thought that trolley men in this city will probably not take any steps to aid the strikers in Brooklyn. For the past few days W. D. Mahon of Detroit has been in the city organizing the motormen and conductors in behalf of the Federation of Labor. The organization has not proved a success so far as the leaders of the movement had hoped. There is no likelihood of there being a sympathetic strike here.

Japs Surround Wei-Hai-Wei.

LONDON, Jan. 25.—A dispatch from Shanghai says that the Japanese have now surrounded Wei-Hai-Wei. The Japanese troops have been withdrawn from Teng-Chow, their landing at that place having been effected only for the purpose of creating a diversion. The Chinese declare that Wei-Hai-Wei has a garrison and supplies sufficient to enable the town to withstand a prolonged attack.

Debs on Trial Again.

CHICAGO, Jan. 25.—Debs and his seven associates have been brought from the Woodstock jail and taken to the United States courtroom, where they were formally released on bail. They are now being tried on the indictment found against the railroad strikers of last summer by the grand jury and which is known as the omnibus indictment.

Reduced Days of Labor.

EASTON, Pa., Jan. 25.—A notice has been posted at Henry McKean's cotton mills, in South Easton, reducing the days of labor of their 350 operatives from six to three days a week. The cause of the partial shutdown is overproduction.

Gold to Ship to Europe.

NEW YORK, Jan. 25.—Gold to the amount of \$2,780,000 has been withdrawn from the sub-treasury for shipment. This makes the total amount withdrawn this week up to date \$6,280,000.

Prominent Physician Dead.

PAWTUCKET, R. I., Jan. 25.—Dr. James Orin Whitney, 73 years of age, has died here. He was the originator of a number of surgical appliances and has written many medical articles of wide repute.

Boiler and Engine Works Burned.

CARLEISLE, Pa., Jan. 25.—The Metcalf Boiler and Engine works, at Shippensburg, have been destroyed by fire. Loss, \$10,000; partly insured. The fire is supposed to have been of incendiary origin.

The Color Line Abolished.

CHICAGO, Jan. 25.—The Women's club of this city has adopted the resolution introduced several weeks ago abolishing the color line in regard to membership.
